

Lecture Series on Methods in Mathematical Physics II/2008

Carl M. Bender

(Washington University, St. Louis, USA)

PT-Symmetric Classical and Quantum Mechanics

25 November, 2008 **15:00–16:00**

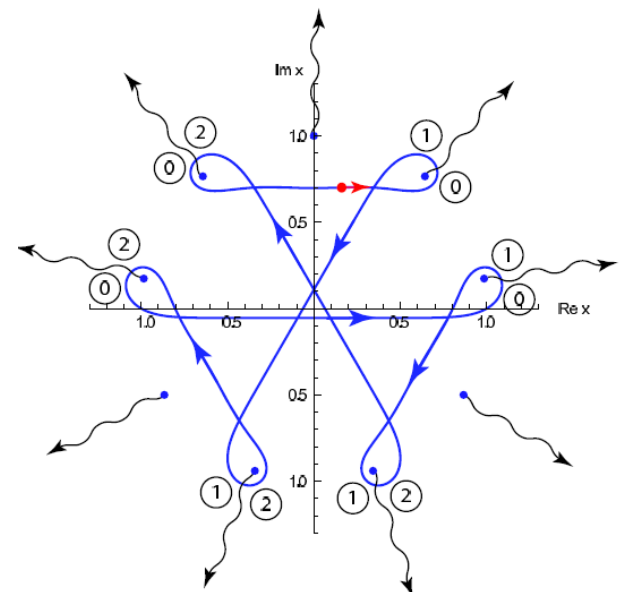

PT quantum mechanics: Making sense of
non-Hermitian Hamiltonians

27 November, 2008 **15:00–16:00**

Ghostbusting: Reviving quantum theories
that were thought to be dead

01 December, 2008 **13:30–14:30**

PT classical mechanics

Abstract:

www.fundamental-physics.uni-hd.de/index.php?m=6&s=4

Location:

„neuer Hörsaal“ (nHS)
Physikalisches Institut
Philosophenweg 12
