

# Research Scientist – Postdoc

- **Starting date:** as soon as possible, for 1 year with possible extension
- **Project:** *Many-Body Quantum Dynamics in Engineered Potentials*
- **Minimal Requirements:** Ph.D. in theoretical physics, experience in many-body quantum systems and/or ultracold quantum gases, programming skills are a plus
- **Apply** by sending your CV, publication list, copy of diploma of highest degree, statement of research interests, and at least 2 letters of reference
